

Village Green Family Campground 2020 COVID-19 SAFETY MEASURES

(Updated June 10, 2020)

PHASE 2: SEASONAL CAMPING ONLY (Phase 3 to begin on or around June 29th)

If you are not feeling well for ANY reason, please stay home.

If you have **tested positive for COVID-19, or been exposed** to someone who has tested positive for COVID-19 and are required to self-isolate, **you must isolate at your permanent residence.**

Always keep at least a 6-foot distance between you and others. Visitors of the same **household** are not required to social distance from each other.

All campsite units must be **SELF CONTAINED** recreational vehicles, trailers, and motor homes (units with holding tanks, bathroom, shower, and cooking facilities).

Occupancy of Self-Contained Units is limited to a maximum of **10 occupants of the same household per campsite.**

Governor Baker's advisement that masks or face coverings be worn while in public and run the risk of coming into close contact with someone outside of your household is still enforced.

If you need to make a payment (electric bill, seasonal payment, honey wagons, store items etc.) please either call us with a credit-card or place your check/cash payments in our grey drop box outside the store or visit us at our service window (limited hours, see next page).

NO VISITORS/GUESTS are allowed into the campground until further notice. Everyone who is registered on your seasonal agreement and **are part of your household** is welcomed. Nightly campers are limited to a maximum of 10 occupants of the same household per campsite.

Golf carts are allowed provided that social distancing and face covering guidelines are followed, and you **DO NOT** give rides to people other than members of your own household.

Fishing, biking, and walking are allowed provided that social distancing and face covering guidelines are followed.

Parents or Guardians MUST be in proximity of your children (18 years and under) AT ALL TIMES at the playground and beach/pond areas.

Out of state visitors traveling into MA are urged to self-quarantine for 14 days; however, it is not mandated.
